

2013-2014 21/09/2013

Memorandum of Understanding

The Ghulam Ishaq Khan Institute of Engineering Sciences and Technology, Pakistan (hereafter referred to as "GIKI") and the Karabük University, Turkey (hereafter referred to as "KBU") agree to cooperate in the pursuit of academic activities by developing together programmes designed to promote and facilitate the international exchange of ideas and research for the purposes of enriching the scholarly efforts of the institutions and of the students and faculty members participating in these programs. The institutions agree to pursue the following guidelines for following academic activities:

Student exchange

GIKI and KBU agree to promote students exchange between the two institutions. The duration of studying at the host university may range from 3-36 months. Terms and conditions would be decided on case-to-case basis and with the mutual agreement of the concerned institutions.

Faculty exchange

GIKI and KBU agree to promote faculty exchange between the two institutions. The duration of studying at the host university may range from 2 weeks to 3 months. Terms and conditions would be decided on case-to-case basis and with the mutual agreement of the concerned institutions.

Further specific details for the implementation of these activities will be developed mutually for specific projects.

This Agreement will have, from time to time, annexure attached to it with regard to these specific projects.

If the Agreement remains dormant for three consecutive years it will be deemed to have lapsed. Where the Agreement continues active the two institutions agree to review it after five years from the date hereof. It may be terminated at any time by mutual consent or by nine months notice in writing by either party.

Prof. Dr. Burhanettin UYSAL
Rector
Karabük University
Turkey

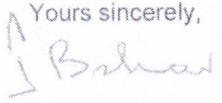

Dear Prof. Dr. Burhanettin UYSAL,

I would like to thank you for the very kind hospitality that you extended to Prof. Dr. Jameel-Un Nabi, Dean Faculty of Engineering Sciences, GIK Institute, during his short visit to Karabük University in September, 2013. Prof. Nabi especially mentioned the very fruitful meetings he had with your good self, the Governor Karabük, Mr. Izzettin KÜÇÜK, and Prof. Dr. Ihsan ULUER, Dean Faculty of Sciences, which facilitated the establishment of research linkages between our two universities.

We greatly appreciate becoming a partner in the highly competitive Mevlana Exchange Programme Protocol, and hope that the program, along with the Memorandum of Understanding between GIK and Karabük University, would go a long way in promoting close collaboration in science and technology between the two institutions. I have signed the two documents, and am enclosing one original set for your office. We have kept the other one for our records. We, at GIK, now look forward to a long and productive relationship with your university.

I would like to take this opportunity to invite you personally to visit the GIK Institute, as our honoured guest, in the near future and on a date which can be mutually agreed by the two offices.

Assuring you of my highest consideration,

Yours sincerely,

Jehangir Bashir
Rector
