Diploma Supplement Label (DS Label)

The Diploma Supplement (DS) is a document accompanying a higher education diploma, providing a standardised description of the nature, level, context, content and status of the studies completed by its holder
Given by European Commission.

European Credit Transfer and Accumulation System (ECTS Label)

ECTS is a credit system designed to make it easier for students to move between different countries. Since they are based on the learning achievements and workload of a course, a student can transfer their ECTS credits from one university to another. The ECTS Labels are honorary distinctions and are awarded to higher education institutions that demonstrated the correct implementation of ECTS principles and requirements.

Erasmus+ Higher Education

(Erasmus+ is the EU's programme to support education training youth and sport in Europe)

Karabuk University (KBU) is a public university which offers BA, MA, MSc, PhD programme studies, intended to be compatible with the requirements implies by the Bologna Process.

KBU holds a valid (2014–2020) Erasmus Extended Charter and has been awarded Diploma Supplement Label (DS) 2011–2014 and ECTS Label 2013–2016 by European Commission.

What is Erasmus?

Erasmus+ is the EU's programme to support education, training, youth and sport in Europe. It has an estimated budget of €26.2 billion. This is nearly double the funding compared to its predecessor programme (2014-2020).

The Erasmus+ Programme is a European funding programme established in 1987 offering university students a possibility of studying or doing an internship abroad in another country for a period of at least 2 months and maximum 12 months per cycle of studies.

Organisations wanting to participate in Erasmus+ may engage in a number of development and networking activities, including strategic improvement of the professional skills of their staff, organisational capacity building, and creating transnational cooperative partnerships with organisations from other countries in order to produce innovative outputs or exchange best practices.
