--	---

Mevlana Exchange Programme is a programme which aims the exchange of students and academic staff between the Turkish higher education institutions and higher education institutions of other countries. This programme covers the expenses of all academic staff who both go to another country from Turkey and come to Turkey from other countries. And also the programme gives all the students a scholarship whose amount changes according to the countries. **All the financial aid which is given to both academic staff and the students is supported by Turkish Higher Education Council (YÖK).**

MEVLANA EXCHANGE PROGRAMME STUDENT EXCHANGE

Within the framework of the Mevlana Exchange Programme, students registered in formal education at higher education institutions can participate in student exchange. Exchange involves the student registered at higher education institution to continue part of his/her education in another higher education institution which is a party of Mevlana Exchange Programme Protocol.

The Student Exchange period consists of at least one, at most two terms. The calculation of terms can be revised by considering the education system. However, the total exchange period shall not exceed one education-training year. **(Only One term is funded).**

Students studying at preparatory or first year of associate or bachelor's degree and postgraduate and doctoral students studying at preparatory or scientific preparatory terms **cannot benefit** from this programme for the first term that they have started their primary study.

Conditions to Become Mevlana Exchange Programme Student

Minimum required conditions to become Mevlana Exchange Programme student are as follows:

- The student shall be a student of associate degree, undergraduate, postgraduate or doctoral student registered at formal higher education programmes,
- The general academic grade point average of associate degree or undergraduate students shall be at least two and a half over four **(2.50/4.00).**
- The general academic grade point average of postgraduate and doctoral students shall be at least three over four **(3.00/4.00).**

During the evaluation, 50% of grade point average and 50% of language scores are considered and students are ranked using cumulative value of these two factors.
